VIRTUES

1.2 GREETINGS

“IYF is a light that shines on the hearts of youth”

REV. OCK SOO PARK
IYF FOUNDER

Young people try to decorate their lives with style and individuality; however, this cannot give true freedom or peace. Today's youth have long wandered from the values and social responsibilities needed to guide the next generation—they are our hope and our future. IYF shares their worries and difficulties and supports their endeavors and passion.

IYF is a bright, vibrant festival for the youth of tomorrow. There is sharing and volunteering in IYF, because its members can sacrifice for others and are freed from their own small world. IYF is a cradle of global leadership that nurtures strong hearts in all people and lifts them up to discover their dreams.

Just as a star gleams through the darkness, the youth of IYF will become bright stars that shine throughout the world.

“IYF raises people with joyful hearts.”

MR. MOON TAEK PARK
IYF CHAIRMAN

Everyone wants true happiness in life. Most people think that certain conditions must be met in order to be happy, but they must first discover where happiness is derived from.

With IYF, you will encounter and learn about the world of the heart. A strong mindset that is capable of overcoming any form of difficulty is created when one overcomes one's limits. As you participate in IYF programs, before you realize it, your heart will become stronger and will enjoy lasting happiness. Also, you will be able to become a mentor who can pass on happiness to others.

In the future, the youth who have gained sound, bright hearts through IYF will lead the world. I believe that everywhere they venture, there will be a scent of happiness.

2. CAMPUS TOUR PROGRAMS

2.1 CAMPUS TOUR

Campus Tour helps young people transcend their limitations to establish strong spiritual roots and a solid foundation for leadership.

Dynamic programs offered by IYF are designed to fuel spiritual and mental growth, instill global awareness, promote intercultural exchange, and develop leadership skills. Campus Tour aims to guide its participants as they transition from academic settings to the real world, where their choices have greater potential to ignite change and positively affect those around them.

VISION

EMBODYING A HAPPY SOCIETY THROUGH A BRIGHT AND HEALTHY MIND

Strong minds enable us to overcome the difficulties in life. We lead and educate in order to strengthen weak hearts, which are the cause of suicide, bullying, drugs, divorce, etc., and to help people live as proper members of society.

The ability of self-control is the safety device that fully releases youth. Nobody can fulfill all their desires. We train and educate self-control so people can live a happy life, and that is by helping them release their youth correctly.

Breaking your standards is the new beginning of change and challenge. When minds flow through each other, the walls of our hearts collapse and we become happy. We draw out change through exchange and raise the spirit of challenge to train talented people.

2.2 CAMPUS TOUR MAIN PROGRAMS

Through many different programs and activities, we would like to change the hearts and minds of the many youth in different environment. Our programs and activities include: Mind Lecture, mind recreation, scavenger hunt, performances and academies. The mind lectures are the main program of all IYF activities.

1. Mind Lecture

The mind lectures teach the students the importance of a true strong heart, which is sensitive to the words and feelings of those around them and is able to receive change and strength through a humble heart.

2. Recreational Activities

During mind recreation time the youth are able to gather with their teams and show real team building skills. As they do various obstacles as a team, they learn to help each other and most importantly trust one another.

3. Scavenger Hunt

The scavenger hunt is one of the main events of the IYF Camps. It can only be done when all members of the team gather together and communicate with each other. As they go through the missions and challenges together, they are able to learn about each other's strength, weaknesses and talents and learn to connect with one another.

4. Performances

The IYF has many proven and engaging programs and activities including dance, music and drama. We have seen that when youths listen to different kinds of music and do another kind of dance, they will still enjoy themselves, while feeding their minds with positive and uplifting imagery.

5. Academy

Each morning, a variety of engaging academies are set up throughout the IYF Camp venue to accommodate the diverse interests of the participants, ranging from topics in leadership and martial arts to home improvement and photography. This is a time for the students to learn various skills they may use in their lives.

6. Group Activity

Team building is essential to making connections. IYF Camps are organized around large and small group settings. Rarely do attendees do anything on their own. Camp counselors create different team- building activities, which range from physical challenges to fellowship sessions.
