## Greetings in the name of research!

### Our Organization

The **UP Communication Research Society (UP CommResSoc)** is an academic student organization based at the University of the Philippines Diliman, College of Mass Communication. Since its inception in 1977, UP CommResSoc has been duly recognized for its significant activities that brought together students from different colleges and universities. It has been our goal to create and facilitate various activities which uphold, build, and maintain its core values — integrity, academic excellence, and social responsibility. Exclusively for Communication Research majors, the organization has yielded a significant number of competent research professionals over the years

### Our Project

In line with our Organization's goal to promote academic excellence and social responsibility, UP Communication Research Society will be conducting **Salikseek 2023**, a **research writing event for high school students open nationwide**. This event aims to **introduce the relevance of social research** in today's world and to appreciate the value of research as a field in this day of digital information. This hybrid workshop will touch on topics related to **participatory culture** and will be held on **06 May 2023, Saturday, from 8:00 AM to 5:00 PM**.

### Our Proposal

The UP Communication Research Society would like to invite your esteemed high school students to take part in our **hybrid research seminar-workshop**. The school can send **groups of 4 students** to join the event. Kindly note that SalikSeek 2023 has a **participation fee upon registration**.

This event will be guided by reputable speakers to help equip incoming college students with basic research writing skills and allow them to further discover the relevance of participatory culture in this post-pandemic resurgence of participatory phenomena, both offline and online.

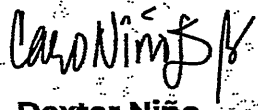

As a training, this year's SalikSeek also includes on-the-spot semi-research writing workshop of research titles, problems, and objectives. To complete their research experience, participants will present their work to a panel of judges composed of experts from their respective fields.

Please refer to the Program Flow in the following section.

Your confirmation of endorsement will be greatly appreciated. Please get in touch with us anytime, on or before **19 April 2023**. If you have any inquiries, reach us at **[commressoc.salikseek@gmail.com](mailto:commressoc.salikseek@gmail.com)**.

Thank you and we look forward to having your participation for SalikSeek 2023.

Beyond Research;

**Dexter Niño**
