INVITATION

2023 Japan Design, Idea & Invention EXPO

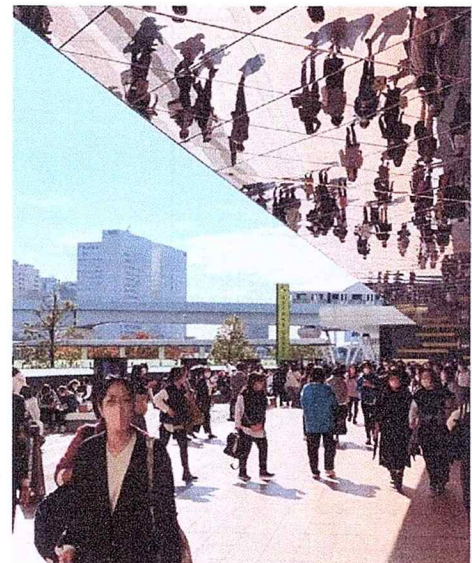

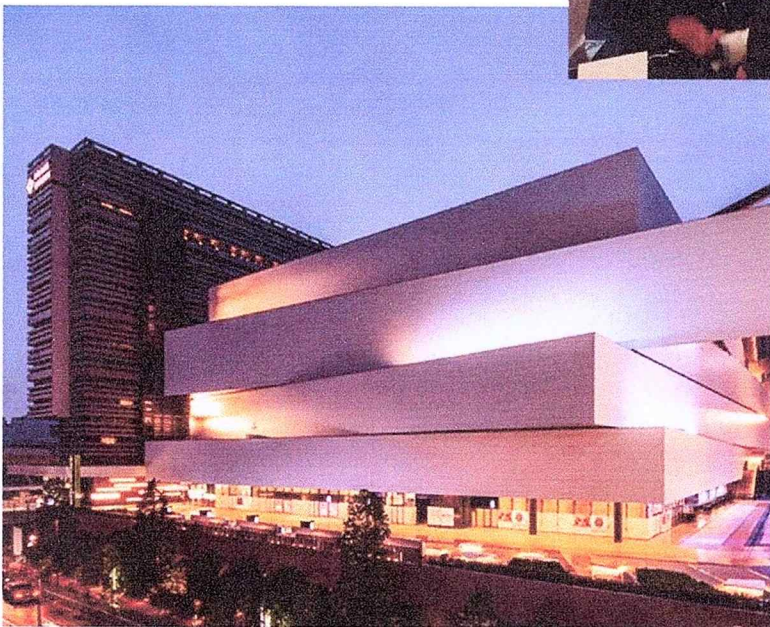

Japan's creativity and design lead the fashion, and it is very important in Asia. Its invention is full of ingenuity and amazing. Japanese design and invention have always been regarded as a model by the public. The inventions have strong cultural characteristics. Many visuals make people can't help but say the feeling of "Japanese style".

Date

July 7 ~ July 8, 2023

Venue

The World Invention Intellectual Property Associations would like to invite all inventors to participate in the 2023 Japan Design, Idea and Invention Expo. It will be a three-day event for the exhibition from July 7 to 8, competition including the award ceremony. The World Invention Intellectual Property Associations and Chizal Corporation organized this exhibition.

A lot of people joined this year's Japan Design, Idea and Invention Expo especially students, companies and resource persons. This is because the exhibition has no age limit and is open to professionals as well. They all come here to communicate with other inventors and companies.

Thank you very much for your continued support and we hope to get your valuable presence in this momentous event for another milestone in the world of invention exhibition.

A handwritten signature in black ink, appearing to read 'Manli Hsieh'.
