Dear Usec Gonong:

Greetings!

Thank you very much for accommodating our request for an online consultation in relation to the conduct of "Training on Bamboo Musical Instruments Making for DepEd School Teachers." We highly appreciate your office and other DepEd Bureaus' input to refine the program content and other related arrangements.

The training will be conducted in a hybrid format. Two days for the online lecture and three days for the demonstration and actual hands-on practice. Attached is the program overview for your reference. The target participants for this training are the Special Program in the Arts (SPA) Music Teachers from Region IV-A and NCR.

In this regard, we would like to officially invite one representative from each of the attached lists of schools. This also requests that travel expenses, accommodation, and other incidental expenses relative to the training be charged to DepEd's MOOE. Only the training fees, kits, snacks, and lunch during the program will be shouldered by our office.

As per DepEd Regional Memo No. 24, s 2022, "the school days shall be dedicated to academics and related co-curricular activities only" which implied that teachers could not attend capacity building development during the official school year. Therefore, we propose for the online lecture to be conducted on May 27 and June 3, while the in-person training on June 10 to 12, 2023. Since these dates will fall on weekends and holidays, we would similarly like to request that the school teachers be remunerated by service credit.

We understand that the playing of BMI is part of the DepEd K-12 Curriculum. In fact, through our project, we prepared "teaching modules" for distribution to DepEd regional offices. This is to assist our teachers in enriching their knowledge transfer about BMIs. Therefore, we also like to request that this proposed training be recommended to the National Educator's Academy of the Philippines (NEAP) as one of your priority capacity-building programs.
