**MEMORANDUM**  
**DM-CT-2023-172**

**TO :** REGIONAL DIRECTORS

**FROM :**   
GINA O. GONONG  
Undersecretary

**SUBJECT :** **ADVISORY FOR THE CONDUCT OF IMMEDIATE PROCUREMENT PLANNING ACTIVITIES FOR THE NATIONAL LEARNING CAMP**

**DATE :** **June 29, 2023**

The **National Learning Camp (NLC)** shall be launched and implemented starting this 2022-2023 end-of-school-year (EOSY) break. With this, all Regional Offices (Ros) are advised to proceed with procurement planning activities, such as the conduct of a market survey, preparation of the Authority to Procure (ATP), the inclusion of the activity in the Annual Procurement Plan (APP) and other procurement-related tasks consistent with existing rules and regulation. This is to ensure the availability of learning materials for Grades 7 and 8 prior to the NLC's commencement on July 24, 2023.

All ROs are highly encouraged to take proactive measures to expedite the procurement planning process and the conduct of procurement activities. Attached is the NLC ESM Teaching-Learning Resources for Grades 7 and 8 with minimum technical specifications, for reference.

As provided in the attachment, the default method for the provision of NLC materials shall be through **procurement** thereof from private or government printers, or through **Agency to Agency** at various governance levels. However, whenever favorable circumstances warrant as determined by the ROs/SDOs, the conduct of **in-house reproduction** of materials by field offices may also be considered, provided that sufficient funding is available, printing equipment is adequate and only non-teaching personnel/volunteers are tasked in the reproduction activities. Schools with no Non-Teaching Personnel/volunteer may hire a Job Order personnel for the duration of the program, subject to the approval of the Regional Director or School Division Superintendent and provided that the allotment can cover the payment of the services rendered, subject to the usual government accounting and auditing rules and regulations.

For those that may opt to conduct in-house reproduction, the learners' materials may be printed on a weekly basis, to be **done by Non-Teaching Personnel/volunteers/Job Order personnel**. Moreover, the teachers' materials shall be uploaded to a portal that can be readily accessed by teachers participating in the NLC.

Note:

- For option 1, printing from private printers, industry practice requires that total number of inside pages be divisible by at least 8 pages. Thus, if the material is 74 or 124 pages, excess pages of 6 or 4 pages respectively, is added. It is recommended that the excess of 6 or 4 pages be converted to notes pages for teachers or learners to place important notations.
- For option 2, in-house printing using printers, photocopier, riso machine, or any other printing equipment
