L&D Title: LCRP Post evaluation

Date: August 16-17, 2023

Rationale

The Deped NCR has implemented the LCRP since 2022. Evaluation was conducted by the Schools divisions for the planning phase and midyear. The post evaluation will be presented in this M&E session of the LCRP. In this session, the data collection process was standardized among the SDOs so that the same areas of the evaluation will be presented.

Description

The terminal objectives of the LCRP post evaluation is to report on the improvement of the process and outcome of three priority areas of the LCRP (Acceleration of instruction and learners performance, learning and development and budget for accelerating instruction). The specific objectives are as follows:

1. Use the online platform to submit information on the LCRP M&E
2. Generate report for the LCRP post evaluation
3. Share best practices on the LCRP improvements with other schools divisions
