SUBJECT : IMPLEMENTATION OF THE SCHOOL MAINTENANCE AND
OTHER OPERATING EXPENSES WEB-BASED MONITORING
SYSTEM

DATE : December 18, 2023

This is to reiterate the adoption and implementation of the School Maintenance and Other Operating Expenses Web-Based Monitoring System (SMOOE-WBMS), which was previously relayed in Memorandum OUF-2021-0880 dated December 28, 2023, with the subject, "*Advisory on the Adoption and Implementation of the Web-Based Monitoring System of the School MOOE Funds in Support to the SESP-ADB Loan Program.*"

The Government of the Philippines and Asian Development Bank (ADB) with the Department of Education as the Executing Agency agreed on a USD300 Million-loan program through the Secondary Education Support Program (SESP). It contributes to the implementation of key reforms to improve secondary education in the Philippines.

ADB's support through SESP will be provided using the Results-Based Lending (RBL) modality. Under the RBL, financing is triggered by the achievement of mutually agreed results called disbursement-linked indicators (DLIs), which is a subset of DepEd's overall results framework for secondary education. To achieve the intended results, six (6) DLIs were identified, broken down into a sequence of timebound targets. Disbursements shall be made following the achievement and verification of the agreed DLIs.

budget on time and when DepEd submits attestation that the DLI is met and attaches consolidated reports of IU-SSs and SDO release of school MOOE budget to non-IU SSs.

Description of DLI. DepEd SSs may be classified either as implementing units (IUs) or non-implementing units (non-IUs). IUs refer to DepEd SSs whose budget allocations for school Personnel Services (PS) and school MOOE (i) are explicitly appropriated to them (i.e., appear under their name/account) in the GAA, and (ii) are directly released to them by the DBM ROs. Non-IUs refer to DepEd SSs whose budget allocations for PS and school MOOE (i) are appropriated under the GAA to the SDO as a lump sum item and (ii) are released to the SSs in the form of cash advance from the SDOs to which they belong.

As indicated under the verification protocol, for IUs, the school MOOE budget is received on time when the allotment authority and NCA for SHS school MOOE budget is released to the school not later than **January 31 of the current fiscal year.**

For non-IUs, the school MOOE budget is received on time when the first tranche of the cash advance for the SSs school MOOE budget is released to the school not later than two weeks after the relevant DBM regional office has released the allotment authority and NCA for the SSs school MOOE budget for all non-IU DepEd SSs belonging to a given SDO.

- 3.0 **The Web-Based Monitoring System of School MOOE Funds.** To contribute and facilitate the compliance of DepEd with DLI 5.2, the ADB has extended a Technical Assistance (TA) Package under this SESP Loan No. 3790-PHI: Secondary Education Support Program primarily for the development of a web-based system for monitoring the release, receipt, utilization, and reporting of School MOOE Funds.

3.1 **Orientation on the SESP and Status of Compliance.** It has been noted that based on the consolidated reports from the regional offices submitted to the Finance-Central Office, only 32.6% of Secondary Schools achieved the said DLI 5.2. This was shared to all concerned during the orientation conducted by the Office of the Assistant Secretary for Finance on October 11, 2021. To further validate such findings, submission of reports was again requested and based on the revalidated submitted reports, a slight increase of 1.8% or 34.4% of Secondary Schools achieved DLI 5.2. It is therefore necessary to adopt the web-based system so as to facilitate the capture of the data and information on the school MOOE funds.

- 4.0 **The Support Team.** In order to fully implement the web-based reporting system for the School MOOE funds, a Support Team will be organized to provide technical assistance to users of the system. A separate Office Order will be issued for the purpose, defining the roles and responsibilities of the team, among others. Initially, the team will be composed of the following:
