INTERACTIVE PROGRAMS FOR SY 2024-2025

The D' Great Rovers Events Management Services is an event organizer that could assist schools and other organizations nationwide in conducting projects and activities.

The activities aim to provide fun, interactive, and non-traditional programs specifically designed for learners.

Expected participants are kindergarten, elementary to senior high school students from the public and private schools.

For more details, please contact:

Doreen G. Opriasa
Event Organizer
Mobile number – 0927.607.1441

Department of Education – NCR
Misamis St., Bago Bantay, Quezon City

SUBJECT: Request for an advisory or permission to visit schools for D' Great Rovers Events Management's different educational programs for SY 2024 - 2025.

Dear MADAM:

Vita veritatis et amoris ex gratitudine... In a life of truth and of love in gratitude!

D' Great Rovers Events Management Services is an event organizer that assists schools and other organizations nationwide in conducting laudable projects and activities.

In line with our commitment to support and implement fun, interactive, and non-traditional educational programs and activities, we will be promoting to different schools under your supervision the following interactive programs for **SY 2024 - 2025**:

- a.) **Digital Mobile Planetarium** – An Astronomy Awareness Program through which learners can see firsthand proofs of outer space.
- b.) **Ex-Sci-Tricks** – An exciting science concepts and tricks, magic, illusions
- c.) **The World Around Us** – A fun and interactive educational experience that explains key principles of Earth Science through manipulative gadgets and touches on an environmental awareness topic such as Climate Change
- d.) **Balik Tanaw** – Adbokasiya upang makatulong sa pagpapalakas at pagpapakilala sa kamalayan ng bagong henerasyon ang kagandahan ng tradisyon at Kulturang Pilipino sa iba't ibang dako ng Pilipinas noon at ngayon.
- e.) **Pisara** – Ito ay isang pelikulang nagbibigay halaga sa buhay at pangarap ng isang guro at ang kanyang pagmamahal sa pamilya. Ito rin ay isang adbokasiya upang maipaalam ang sakit na cerebral palsy at ang kahalagahan ng edukasyon sa buhay ng tao.
- f.) **Educational Tour**

We believe that these activities are powerful teaching tools designed to educate and enlighten as much as they are to entertain. Topics are carefully selected and integrated into the Department of Education's existing curriculum to meet recognized educational standards. **Thus, we are one in promoting quality education while following the protocols in maintaining the safety of the learners. In fact, these activities are to be conducted inside the school premises. No risks of going out to different places, except program "f".**

We pray for your valuable recommendation about these worthwhile projects, as we look for **VOLUNTARY PARTICIPANTS from Nursery to Senior High School**. With your utmost and endearing support, we will certainly provide the learners and the general public with valuable educational resources and unforgettable dynamic learning experiences.

Attached herein are concept papers for your perusal. We will be happy to discuss with you, at your most convenient time, the details of how these projects could work for the entire academic community. Should you wish to inquire, please call/text the undersigned at **0927 – 607 1441 / 02-6973465**.

Thank you, and we look forward to a harmonious and meaningful partnership with you.

WITH YOU IN SERVICE,

DOREEN G. OPRIASA
Event Organizer

DIGITAL MOBILE PLANETARIUM

Think. Explore. Experience.

The universe is in our hands!

Astronomy, in general, is as important as our own lives. It has significant effects and connections of the things that has been happening around us. Fascination and curiosity go beyond the horizon. Teaching Astronomy made easier with the use of Planetariums. Students will definitely have fun learning about the planets, sun, moon, meteor, constellations, nebulas, galaxies and other celestial objects. Excitement becomes high when they see real space rocks and telescopes. Most importantly, students' interests become goal in life. It is then that we must study and experience the first step towards astronomy awareness. Let the students extend and share their knowledge about this subject from the school to their own families. Who knows... your student may become one of the greatest astronomers of all time!

OUTER SPACE

20 - 30 minute-simulation of the day and night time sky inside an inflatable dome

WATCH OUT !

20 - 30 minute-film showing

SPACE ROCKS

MINI MUSEUM

Collection of real space rocks, photos and other astronomical materials

Fun Game

20 - 30 minute fun and enjoyable game

BONUS ACTIVITIES (IF THE SKY IS CLEAR)

SOLAR VIEWING

STARGAZING

D' GREAT ROVERS

DIGITAL MOBILE PLANETARIUM

RATIONALE

Astronomy, in general, is as important as our own lives. It has significant effects and connections of the things that has been happening around us. Fascination and curiosity go beyond the horizon. Teaching Astronomy made easier with the use of Planetariums. Students will definitely have fun learning about the planets, sun, moon, meteor, constellations, nebulas, galaxies and other celestial objects. Excitement becomes high when they see real space rocks and telescopes. Most importantly, students' interests become goal in life. It is then that we must study and experience the first step towards astronomy awareness. Let the students extend and share their knowledge about this subject from the school to their own families. Who knows... your student may become one of the greatest astronomers of all time!

ACTIVITIES INCLUDE:

1. Outer Space

Students will enter into a small, portable version of the permanently installed planetarium. It is a 9 ft ht x 12 ft diameter inflatable dome that can accommodate 50 students for 20 – 30 minute - lecture about astronomy. With the help of a projector inside the dome, students will be able to see the virtual night sky, constellation, planets and others.

2. Watch Out! (Film Showing)

Twenty to thirty (20 - 30) minute - film showing will be expected in this activity. There are varieties of films to choose from to suit the needs of the students. There will be lecture before and after the film so students can ask questions about their curiosity.

3. Space Rocks (Exhibit)

It features collection of photos. These photos highlight the solar system including the planets, deep sky objects and others. Authentic and real space rocks are also exhibited such as Sikhote Alin, Campo Del Cielo, and other meteorites including the biggest ever collected in the Phillippines. A 10 – 15 minute mini lecture shall be expected in this activity where students and teachers may ask questions about the specimens being exhibited.

D' GREAT ROVERS DIGITAL MOBILE PLANETARIUM

4. Fun Game / In The Making...

It's a hands-on activity for 20 – 30 minutes which students will have fun playing astronomy games while learning.

BONUS ACTIVITIES INCLUDE:

1. Sun Spotting or Solar Viewing

The students and teachers will get the chance to experience actual viewing of the real image of the sun through a built-in hydrogen – alpha filtered telescope, a safe and specialized telescope for sun viewing only. This bonus activity, however, depends on good weather and a clear sky.

2. Stargazing or Telescope Viewing

Students and teachers line up at night for the actual observation of the sky using high powered telescopes. Telescopes are focused on a specific object in the sky like planet, moon, or nebula depending on their visibilities. It is also to be done if the sky is clear and if the weather is good.

3. One Click!

This activity is made just for fun! Students will have their photos taken as souvenir for the event. School will be given one (1) CD for the master copy of all the photos taken during the day.

4. “The Great Rovers...We are!!!”

It is a group of students, teachers and individuals advocating astronomy awareness. It is where additional activities may be conducted outside the school. Its ultimate objective is to create a significant contribution towards astronomy awareness and be able to be recognized by the international astronomical society.

MANUEL I. SANTOS MEMORIAL NATIONAL HIGH SCHOOL
TAYTAY, RIZAL - SEPT. 2, 2013

D' Great Rovers Digital Mobile Planetarium
(Astronomy Awareness Program)

The complex block features a collage of photos from a photo booth with a space theme. The photos show groups of people, including children and adults, posing in front of a backdrop with planets and stars. Text at the top provides a Facebook link and phone numbers. Text at the bottom identifies the event as the D' Great Rovers Digital Mobile Planetarium (Astronomy Awareness Program) at Manuel I. Santos Memorial National High School, Taytay, Rizal, on September 2, 2013. The D'great rovers logo is also present.

ex-sci-Tricks

SCIENCE FILLED WITH MAGIC!
MAGIC FILLED WITH SCIENCE!

EX-SCI-TRICKS

Activities include:

A* One, Two, Tricks

In this station, different materials and science tricks will be featured. It is an interactive area wherein students will be able to manipulate different materials that are being exhibited. Science experiments may also be an option in this station.

B* Mind Boggling

It is a game area where all the members of the group will be able to participate actively in solving different games and puzzles. A free photo souvenir for the winners.

C* Magic Science

It is a magic show where science tricks are incorporated. Students will be able to see and participate in how a simple act is magically performed and will turn out differently from what is expected to come out. It's a fun-filled science magic station that will surely blow your mind!

**** The activity is divided into three separate stations (i.e. A, B, C). Each group will have fifty (50) students except Magic Science which requires a minimum of three hundred (300) students. Students expect two (2) separate time flows.

**** Thirty (30) minutes per station (A and B) and 1 – 1 1/2 hours for Magic Science.

BALIK TANAW

(KULTURANG PINOY)

d great
rovers

BALIK TANAW

(Kulturang Pinoy)

RASYONALE

Mahalagang balikan natin ang ating nakaraan. Ito ang magbibigay sa atin ng inspirasyon upang matuto, sumulong at magtagumpay sa hinaharap... bilang tao, bilang mamamayan, bilang Pilipino at bilang bansang Pilipinas.

Ang **BALIK TANAW** (Kulturang Pinoy) ay isang adbokasiya na naglalayong maipamahagi at maitaas ang antas ng pagpapakilala at pagpapaalalang muli sa ating mga mag-aaral ang kultura ng ating bansa. Makikita dito ang kontribusyon ng bawat Pilipino, kasama na ang iba't ibang etnikong grupo, sa pagbuo ng ating kultura't lipunan noon at ngayon. Ito ay isang pagkakataon o oportunidad upang malaman, makita, mahawakan at maranasan ng ating mga mag-aaral ang ilan sa mga importanteng bagay at gawain na naging bahagi na ng ating kultura at kasaysayan. Ang Balik Tanaw ay naglalayong buhayin sa kamalayan ng mga bagong henerasyon ang kagandahan ng tradisyon at kulturang Pilipino, at muling maisapuso ang kasiyahan at kabutihan ng pagiging mamamayan ng ating bansa. Sa programang ito, mararanasan at mapapatunayan ng ating kabataan na mas masarap, masaya at maswerte ang maging isang Pilipino.

Sa ating partisipasyon, hinahangad natin na tayo ay muling makabuo ng isang matibay na kabataan, pamilya at komunidad na may puso at pag-iisip ng isang tunay na mamamayang Pilipino.

Balikan. Tanawin. Paigtingin ang Kulturang Pilipino.

BALIK TANAW

(Kulturang Pinoy)

Mga Bahagi ng Programa:

a. Ating Suriin (Exhibit)

Makikita rito ang iba't ibang kagamitan o bagay na kadalasang ginagamit sa mga lalawigan ngunit bihira nang makita ngayon, lalo na sa mga urban na pamayanan. Mayroon ding mga larawan ng iba't ibang lugar sa Pilipinas kung saan napanatili ang natural na kagandahan nito. Magkakaroon ng maikling talakayan ang mga mag-aaral at ang namumuno sa bahaging ito ng programa.

b. Tayo nang maglaro!

Maingay at masaya ang bahaging ito ng programa dahil sa sigawan ng mga mag-aaral na maglalaro sa kani-kanilang koponan. Larong Pinoy ang mararanasang muli dito ng mga mag-aaral.

c. Lakad na!

Ito ay isang pagpapakilala sa ilang kasuotang Pilipino kung saan mga mag-aaral ang magsusuot at lalakad upang ipakita ang mga kasuotang ito. Habang lumalakad sa harap ay mayroong nagpapaliwanag nito.

d. Iba ka... Ikaw na

Ang mga mag-aaral dito ay manonood ng isang maikling pelikula tungkol sa ilang kaugaliang Pilipino.

e. Bonus:

*20 – 30 minuto bawat bahagi maliban sa "e". Ang kabuuang programa ay tatakbo ng 2 hanggang 2 ½ oras.

*50 mag-aaral bawat bahagi; May 200 na mag-aaral sa kabuuan ng bawat batch.

D'GREAT ROVERS EVENTS MANAGEMENT

Ito ay ang kuwento ni Michelle “Mich” Orot, isang dalaga na nakatira sa isang bayan sa Nueva Ecija. Mula pagkabata ay namulat na si Mich sa mahirap na buhay. Ang kaniyang magulang ay parehong magsasaka at walang pinag-aralan. Isang kahig, isang tuka. Lalo pa itong naging mahirap nang ipinanganak ng kaniyang ina ang nakababata niyang kapatid na si Michael na mayroong severe Dyskinetic Cerebral Palsy. Dahilan upang lalong pagsumikapang matupad ni Michelle na maging SPED Teacher upang personal na matugunan ang espesyal na pag-aruga sa kaniyang kapatid, ganun na rin para maturuan ang kaniyang mga magulang kung paano bumasa’t sumulat.

Sa gitna ng pagtuturo ay biglang nangisay si Michelle at napag-alaman nitong mayroon siyang Juvenile Myoclonic Epilepsy.

Paano tutuparin ni Michelle ang pagpapagamot sa kaniyang nakakabatang kapatid na may sakit kung siya mismo ay may sariling sakit na pinagdaraan? Ano ang magiging epekto nito sa kaniyang trabaho bilang SPED Teacher? Bakit nasabi ni Michelle na ang kaniyang buhay ay parang isang PISARA na pagkatapos niyang paghirapang may maisulat ay agad namang mabubura? Paano rin maisusulat at mababago ng mga magulang ni Michelle ang karanasan at takbo ng kanilang buhay?

Ito si Michelle. Ito ang kanyang pamilya. Ito ang kanilang kuwento.
